### MINIMUM MONTHLY CHARGE

The minimum monthly charge shall be the greater of the contract amount or the consumer charge.

### DETERMINATION OF BILLING DEMAND

The billing demand shall be the maximum kilowatt demand established by the member for any period of 15 consecutive minutes during the month for which the bill is rendered and adjusted for power factor as provided hereafter.

### POWER FACTOR

The member agrees to maintain unity power factor as nearly as practical. The REMC reserves the right to measure such power factor at any time. Should such measurements indicate that the power factor is less than 95 percent, then the demand for billing purposes will be adjusted for average monthly lagging power factor by multiplying the demand as indicated or recorded on the demand meter by 95 percent and dividing by the percent power factor.

### TERMS AND CONDITIONS OF SERVICE

1. Service shall be provided based upon the REMC's rules and regulations as on file with the Indiana Utility Regulatory Commission (IURC).
2. The member will be required to give satisfactory assurance by means of a written agreement as to the amount and duration of the business offered.
3. Open-wye, open-delta transformer banks will be provided by the REMC only if the REMC finds the load may be adequately and safely served by such connection.
4. All motors or apparatuses with an inrush current in excess of 250 amps at 240 volts shall require REMC approval.
5. The REMC will furnish and maintain, at its own expense, one transformation and service drop. All poles, lines, wiring, and other electrical equipment beyond the metering point is considered the distribution system of the member and shall be furnished and maintained by the member. The metering equipment shall be furnished and maintained by the REMC. When primary metering is required, the metering equipment, transformer, and other protective equipment will also be furnished and maintained by the REMC.
